

Testimonial:

Our experience with Mary Ellen was absolutely fabulous. I have known her for all of my life and when it came time to look for a house she was the obvious choice for a realtor. I recently moved back to Woodstock after years living on the East Coast. I couldn't believe the cost to buy a home and the competition involved. Mary Ellen was patient, present and always listened to understand. Her expertise assured me that obtaining a home in such a market as this, was going to be achievable.

She always made herself available regardless of the time of day.

She was quick to secure us viewing on homes we were interested in, and always advised us from a logical perspective. Rather than trying to push us towards a home, she took the time to ensure we found the right home for us, that would fit our long term goals.

I am grateful to have had her by our side throughout one of the biggest milestones in life.

We would absolutely, without hesitation, recommend Mary Ellen.

Samantha Foster

I am so happy for this amazing couple!! They found their dream home. Thank you for allowing me to be part of your First Time Home Buyer Journey!!
