

Testimonial:

My experience with Mary Ellen was nothing short of spectacular!  
I have, over the years, dealt with a number of real estate agents, and I can honestly say that Mary Ellen's care and expertise were on a level I have never experienced.

10+++++++!!!!

Mary Ellen listed my mother's house, who is in care, and within a week it sold over asking price. More than just that... I live out of town, and Mary Ellen and her husband were amazing in their assistance for every step, including little fixes in the house! Outstanding, absolutely exceptional attention to every detail.

I know that people often wonder if testimonials are accurate, so I will stand behind these words and tell you, ask Mary Ellen for my number if you want to hear it straight from me!
