

"We are both first-time sellers. Mary Ellen was fantastic at outlining the process, offered realistic assessments of the market and of both houses. She went through with clarity of all the potential fees, obstacles and expectations. That is when we knew we had the right person for the job, that the sale of the house would be smooth, efficient, and successful with Mary Ellen. And it certainly was.

Mary Ellen brought to our homes; Honesty, experience, professionalism, knowledge, kindness, and diligence.

Whenever we had a question, Mary Ellen was readily accessible and willing to talk, offering many valuable suggestions. She went out of her way to be helpful. She was quite flexible and willing to work around our tight schedule, too, which made things so much easier for us. Our house sold with an amazing offer all because she was on top of the pre-building inspection, staging, appropriate listing information, photos and videography. The number of showings we had in 9 days exceeded expectation, over 50.

The entire time it was a real pleasure to work with Mary Ellen. We would strongly recommend her to anyone who is looking for a truly outstanding real estate agent."
