

My wife and I chose Mary Ellen Weatherhead from Makey Real Estate, to sell our home so we could make our move to Alberta. From the first meeting with Mary Ellen, we could see that she was very knowledgeable about the market in our area, had the drive to get us a fair offer for our home, and went out of her way to ensure that our house was in sale condition. You can tell that Mary Ellen loves what she does and genuinely care about her clients and their home. Every step of the way, Mary Ellen was there to answer questions, offer advice, and make us feel at ease, during what can be a stressful time in the house selling process. She communicated with us daily to make sure we were aware of the status of our listing. If you are thinking of listing your house, talk to Mary Ellen Weatherhead and feel confident that you will have a hard working realtor that will go above and beyond to find you a potential buyer for your home.
