

We want to say a huge thank you to Mary Ellen Weatherhead for ensuring us that someone else will fall in love with our home as much as we do! She has truly been an amazing realtor, extremely professional, always answering my millions of questions, empathetic to my heart throughout this process. She has went over and above, painting the inside of my house to freshen it up, staging it to make it look adorable, giving us a storage unit to aid with all our boxes, offering help whenever and wherever she can. When she says she will sell your house, be ready you are on one hell of a ride for a week *if it lasts that long* 🤔

So again thank you, you have made us one step closer to catching our dream!!
(Ps. If you are interested in listing your home, or finding a new home please look her up!
You won't be sorry!!)

Ben & Chantale LeClair, Otterville
