

227 Kingfisher Ave Woodstock, ON

We were so grateful to have a Mary Ellen as our Real Estate Agent! We found her innovative and flexible approach to real estate very refreshing and felt confident in her ability to guide us in the sale of our home. Mary Ellen's natural enthusiasm helped carry us through the quick sale of our home in 6 days!

We loved Mary Ellen's Whitty, humorous personality and were quickly able to build a trusting, friendly, and pleasant relationship. We always felt up to date with information, appreciating all her advice.

Mary Ellen LOVES what she does, and this comes across through her genuine care and friendliness. Mary Ellen didn't forget about the little things and was a great cat sitter during our open house!

Mary Ellen has great people surrounding her, including Symone who staged, pre home inspector, photographer/videographer, and her husband who ensured the relentless high winds didn't blow our sign away!

Mary Ellen was able to promptly meet our needs including coordinating a quick listing, staging, and delivered her targeted sale price. We were happy to get a close date that coordinated with our new adventure and big move to British Columbia.

We plan to use Mary Ellen's professional services in the sale of our local rental property later this year and have trust in her to coordinate with us from a distance!
