

Our experience with Mary Ellen as our realtor and her team was nothing but positive! Her trust in clients, passion for her job, and not to mention her work ethic is beyond impressive! Her knowledge for the market and attention to detail exceeded our expectations. She loved our house like we loved our house. We have been on research duty for at least a year and a half for the perfect home in the East Coast and when we decided to put the house up for sale we knew she was the one for the job. Our house is unique from others due to the solar panels on the roof and so it comes with a lot of unknowns for potential buyers but Mary Ellen took that challenge and presented it with all the important details necessary. She continually kept us up to date on the market and answered the MANY questions Jody had! A shout out to her husband Bill as well for his contributions. We want to thank you and hope to see you for a visit in the East Coast sometime!!
