

A chance encounter with Mary Ellen this past summer prompted us to hire her as our real estate agent. We couldn't have made a better choice.

Knowledgeable, understanding, patient, detail oriented and approachable she truly wants the best for her clients and demonstrated her strong work ethic throughout our dealings.

Our house sold incredibly fast at an impressive price and we are very grateful for all her hard work and that this house, which has been in our family for over 30 years, was in her very capable hands.

Thanks again for helping us achieve our goal!
