

Mary Ellen worked tirelessly for us both in helping to get our house ready to sell and to purchase our next house. She made herself available to us whenever we had a question or needed an opinion. Our house was a one-of-a-kind home of which there weren't many for sale in our area at the time. In order to price it appropriately, she enlisted the help of others within Makey Real Estate and was not afraid to ask for help when needed. She was able to stage it beautifully and helped us get the best price for our beloved home. We had been in this home for 24 years and it was a difficult decision to sell, but she helped us find a wonderful home that we are excited to call our own. She always went that extra mile for us and agreed to help our daughter find her first home, even though it was not in her usual area. We are very happy to have had Mary Ellen in our corner and are also proud to call her "friend".
