

I would like to say a huge thank you to Mary Ellen for her professionalism, helpfulness, and guidance through the process of selling my house. She went above and beyond to explain the process of selling, the expectations of potential buyers, and what the current market is. Her calm mannerism and knowledge put me at ease. I would most definitely recommend Mary Ellen for anyone that was thinking of navigating the real estate market! A huge thank you again Mary Ellen for the smooth transaction of selling my house!
